

Prysmian Showcases Extended Distance Ethernet Solutions and More at BICSI Winter Tradeshow

Highland Heights, Ky., January 29, 2025 – [Prysmian](#), a world leader in the energy transition and digital transformation, alongside [Panduit](#), will showcase their PanGen® Structured Cabling Solutions at [2025 BICSI Winter](#), held February 2-6, 2025, at the Gaylord Palms Resort & Convention Center in Orlando, Florida.

PanGen delivers a complete portfolio of robust and optimized infrastructure cabling solutions, including **Category 6A, 6, and 5e copper and fiber cabling systems** with Panduit network connectivity and Prysmian GenSPEED cable products.

On Tuesday, February 4, in Coastal Ballroom A, Prysmian's Lead R&D Engineer for Telecom and MMS, David Fausz, will present **[Session 057: Extended Distance Ethernet Considerations](#)**.

This presentation will cover topics related to the emerging and growing need to run ethernet at distances beyond established industry standards. Ethernet installations at these extended distances can face a variety of challenges and variables, ranging from cable type and connector selection to field testing options and network configuration. Attendees will learn how to stay ahead of the challenges and how to factor key variables into planning beyond industry standards.

For over twenty years, Panduit and Prysmian have engaged in the PanGen® alliance, pairing the innovation and expertise of two structured cabling industry leaders. Today, the alliance remains as strong as ever, delivering cutting-edge cabling solutions for customers across North America.

BICSI attendees can learn more about Prysmian, Panduit, and PanGen solutions by visiting Booth #201 or at www.pangensolutions.com.

Prysmian North America

Based in Highland Heights, Ky., Prysmian North America is a benchmark player in the energy transition and digital transformation. Prysmian's strategy is perfectly aligned with the main market drivers by developing resilient, high-performing, sustainable, and innovative cable systems for the transmission, power grid, electricity and digital solutions segments. Prysmian's North American operations include 29 plant locations and nearly 8,000 associates with net sales of \$6 billion. Additional information is available at na.prysmian.com.

Globally, Prysmian is the largest cable solutions provider in the world, with more than 32,000 employees, 108 production plants and 26 R&D centers in over 50 countries. In 2023, global sales exceeded €15 billion.
