

Prysmian and Draka EHC Showcase Elevator and Escalator Cable Solutions at 2025 NAEC Convention

Highland Heights, Ky., August 12, 2025 – [Prysmian](#), a world leader in the energy transition and digital transformation, will showcase its line of **Draka EHC** elevator and escalator cable products during the [NAEC Convention](#), taking place in Houston, Texas, from September 15-18, 2025 (Level 1 – Booth #1501).

"We are excited to showcase our portfolio of elevator and escalator product and service solutions at this year's NAEC Convention. Draka EHC is a proven provider of high-quality products and services offering both standardized and customized solutions designed by our expert technical team. In addition to our well-known product offerings, we will also be showcasing innovative products we are launching in 2026" said **Ben Miller, Key Account Manager for Draka EHC**. "This event is not only an opportunity to highlight our newest products but also to focus on our existing offerings, which provide essential safety measures for the industry."

Key members of the Draka EHC team, including product management and sales personnel, will be present to assist with technical inquiries.

Draka EHC products on display during the exhibition include:

- **Travel Cables:** New travel cable designs, including Cat cables that meet current market media demands.
- **Handrails:** The introduction of the new 80VNTe handrail and a selection of custom color handrails.
- **Seismic Sensors:** Devices designed to enhance safety in regions with high seismic activity.
- **Electronic Rope Brake:** A compact design that promises easier installation and longer-lasting pads, significantly reducing maintenance requirements.
- **Valeo Demo System:** Elevator monitoring system.
- **Acculube™:** A state-of-the-art lubrication system that extends the life of wire ropes in elevators.

Prysmian's elevator and escalator business unit, Draka EHC, was formed by the merger of Draka Elevator and EHC Global in January 2021, two established and respected brands with a combined 80 years of experience in the vertical transportation industry. Draka EHC is a leading manufacturer and supplier of products, technical services, and integrated solutions to the global lift industry.
