## Linking sustainable ideas to real-world results.

As the worldwide leader in the cable industry, Prysmian Group believes in the effective, efficient and sustainable supply of energy and information as a primary driver in the development of communities.

With this in mind, we provide major global organisations in many industries with best-in-class cable solutions, based on **state-of-the-art technology**. Through two renowned commercial brands – Prysmian and Draka – based in almost 100 countries, we're constantly close to our customers, enabling them to further develop the world's energy and telecoms infrastructures, and achieve sustainable, **profitable growth**.

Prysmian has been providing unique value added solutions to the irrigation market for over 40 years. We continually strive to develop materials that are environmentally safe including low smoke zero halogen materials for various applications as well as a full line of materials that meet RoHs standards.
